

E1

Lift Off Door Pillars

The classic lift off door Haldo pillar. When it comes to mini pillars, there's only one Haldo!

Don't accept imitations or copies, Haldo means UK quality - guaranteed!

Manufactured in 3mm steel, then galvanised to BS EN 1461 all in the UK.

Whether it's the timeless E1-66 with its cutaway sides for easy access, or the large E1-3012 with its 710mm by 710mm backboard, Haldo have a pillar solution for every job.
