

Lift Off Door Pillars

**The classic lift off door Haldo pillar.
When it comes to mini pillars, there's only one Haldo!**

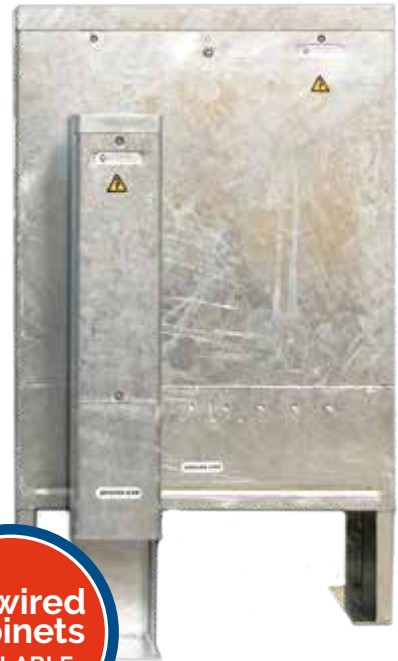

Don't accept imitations or copies,
Haldo means UK quality – guaranteed!

Manufactured in 3mm steel, then galvanised to
BS EN 1461 all in the UK.

Whether it's the timeless E1-66 with its cutaway sides
for easy access, or the large E1-3012 with its 710mm
by 710mm backboard, Haldo have a pillar solution
for every job.

Standard Specification:

- 3mm mild steel
- Hot dip galvanised to BS EN 1461
- Wrapped edge removable doors
- Cut away pillar sides to E1-66 for maximum access
- Integral root
- Tri head locks
- 12mm sustainable ply backboard
- Ground level denoted on pillar
- Earth cable
- Warning sticker
- 25 Year design Life
